

At the September meeting of the Hampstead Norreys WI we were treated to a fascinating talk about The Princes Trust by Alison Mihail. She told us how she became involved and shared some uplifting stories with us.

The Princes Trust helps young people in many ways. Many of the young people are in, or leaving care, facing issues such as homelessness, mental health issues or have been in trouble with the law. The free programmes give young people the practical and financial support they need to stabilise their lives. They also help them to develop key skills, boost their confidence and motivate them. Other programmes encourage the discovery of new talents, funding to train and learn, vocational courses, gaining skills to secure a job and help to start their own businesses.

Not only did we learn a great deal about this incredible charity but we were left wanting more!!
